Hydrophobia and Snake Bites.

ORO BLANCO, August 20, 1892. EDITOR CITIZEN:—I note the recent death of a Mexican boy near Crittenden young damsel apparently tying one tion to a reported cure for this terrible

On the 6th of July Francisco, a son Austerlitz mine here, was bitten during fair. change such blessed privelage for a right fore finger severely and had to be choked to death before it would let go.

The parents washed the wound with chanted vale, and the maid moved not. cold water, tied the finger up in a rag Other Templers, who had met less and next morning sent him to me. His pollinaris in the lists, went to his finger had only been half washed and 2.15 @ 3.15, cows 2.50 @ 3.10. spollinaris in the lists, went to his rescue, and the Templar, wounded in heart and weighed with budge was heart and weighed with budge was of the skurk and his finger pained him Market active, sheep steady, lamps of the skurk and his finger pained him Market active, sheep steady, lamps higher stockers 350 @ 3.65, weets 4.00 borne to his cloi-ter, and the wax figure greatly. I made him wash it thoroughly of the girl that had stumped her toe, with very hot water and sosp. I then poured tincture of cedron seed over and into the lacerations and the pain was 4.50, Lamps 3.25 @ 6.35. promptly subdued, then applied well carbolized vaseline on lint and gave him internally six drops of the tincture on a lump of sugar with directions to take half a dozen similar doses every four hours whilst awake, a good dose of sulphate of magnesia, also change the dressing even ng and morning, and to rehim. He did not return, but I saw him three days afterwards when he said his finger had not previously troubled him but was then feeling uncomfortable. I noticed that it was wrapped in a dry, neglected rag, and directed him to apply

as before. There was no further trouble, and although it does not follow that rabies may not yet be developed, or that every person bitten by a skunk must neces sarily have hydrophobia, yet the fact re-mains that he is well so far, and the evidences of the remarkable value of the preparations of cedron seed for hydrobis and snake bites is well set forth 21, 1892. in the bulletin concerning the drug obtainable from Parke, Davis & Go., of Detroit, Michigan, from whom I had just obtained a supply of the tincture at the suggestion of C. W. Kempton, M. E. to whom it had been recommended by Dr. McGruder who had seen it tested in snake bites with successful results. Should rabies yet develop itself in the ase of this boy, I intend to use freely it was devised. Consequently, in 1582, the cedron tincture and will post the public as to results, but I trust there

will be no further necessity for its use and I merely write this for the benefit its publication may possibly do. In reference to rattle-snake tites I am informed by Dr. F. C. Mueller, of Sonora, that a bypodermic injection of a solution of the permanganate of potassa proved promptly curative in a case he treated of a Mexican badly bitten on the thumb. The value of that remedy is also known to many in the profession, and the iodide of potassa is also highly endorsed. Used in the same way and also given internally in free doses.

Respectfully, A. H. Noon.

OCT. 21, NOT OCT. 12.

At the instance of the executive committee of the national public school celeration of Columbus Day, a bill w recently introduced in congress instructing President Harrison to issue a proclamation making Columbus Day a general holiday. In the interest of scholarly accuracy this bill wisely authorized a bread poultice and afterwards dress it the change in date from Oct. 12 to Oct. 21. It has passed both houses of congress and received the president's signa-

> Above all other dates nearly ever pupil in our public schools remember hat Columbus discovered America Oct. 12, 1492. They will all want to know why the 400th anniversary falls on Oct.

For many centuries the calendar in stituted by Julius Casar, known as the Julian calendar, was commonly accept ed. This calendar assumed that the were 36514 days in a year. But as thi made the year 11 minutes and 14 seconds too long, it could not without correction very long answer the purpose for which it was found necessary to reform th calendar, and the Gregorian calendar was adopted. In order to correct the errors that the old calendar had made 10 days were dropped out, and Oct 5 of 1582 became Oct. 15. As the error was found to be exactly 3 days in 400 years, the Gregorian calendar omitted the leap year from every cen turial year, excepting those which were divisible by 400. Thus the years 1500. 1700 and 1800 were not leap years.

As above stated, this reformation too place in 1582, and 10 days were smitted from the calendar. But as Columbia discovered America previous to the year 1500, which reckoned by the Gregorian calendar would not be a leap year, there would be but 9 days to omit. On Oct. 21, 1892, the sun will occupy

the same relative position to the earth on the memorable Oct. 12, 1492. The Gregorian calendar was not in oduced into Great Britain until 1751. opular ignorance and prejudice up to hat time successfully opposing it. By he masses of the people it was believe hat the obliteration of 10 days would shorten their lives. It is remarkable that Russia still adheres to the Julian

reckoning. We have already announced the change as in the interest of scholarly would not be in keeping with this spirit at Territorial Prison. to compute the four centuries that will intervene between the date of the disovery and the date we are to celebrate y an erroneous calendar which had its day and was discarded more than 200 years ago.

All the precedents for celebrating American anniversaries are in favor of correcting the old calendar to the new. For instance, "Forefathers' Day" in New England is celebrated Dec. 21, although according to the Julian calendar the Pilgrims reached Plymouth Dec. 11. Washington was born on the 11th day of February, "old style," but we celebrate the anniversary of his birth on the 22d of February, "new style."

The original proposal for the public school celebration set apart Oct, 12 but the friends of free education who are precedent would be established, as it named a false date for the observance of an historical event. This is the first effort that has ever been made fittingly to observe, by national commemorative exercises, the achievement of Columbus, and the right day should be celebrated. For this reason we are glad that Oct. 21 is to be the day. We want the children of the land to observe an anniversary with all that name implies, and not nec essarily the recurrence of a fixed date. which, owing to the arbitrary changes in its significance and in our day does not accurately mark off the century point. man, Spring, Keene, King, Shib Hurrah for the national Columbian Legarrs, Zabriskie, Smith, Hutton, public school celebration of Oct. 21.

Mrs. Kibby on the Stand.

FLORENCE, Ariz., Aug. 23.—An hour and a half were consumed by the defense celebration at the Catholic church in cution's witnesses subpoensed and not this city.

> The event of the morning was the enrance of Louise W. Kibbey, the defenant's wife, clad in black, very pale and rembling from head te foot. She was worn and took her seat. No look of reognition passed between her and the efendant. A legal argument ensued on the ad-

was reached before the conclusion of the argument, Mrs. Kibbey retiring from the room half an hour before. The defense stated in court that they lesired to prove by Mrs. Kibbey that will be open day and avoning and to it she was seduced by Porter in Florence, all are cordially invited. The new place went to Phoenix to visit her sister, and is central, convenient and permane infessed to Kibbey June 23 at Phoenix; that they reached Florence together at eight o'clock on the morning of June It Should be in Every House. 24, and that Kibbey killed Porter on the first meeting, ten bours later. The obfirst meeting, ten bours later. The object is to reduce the crime to man-slaughter, to get the defendant admit-ted to bail, awaiting the Grand Jury's action. action.

MRS. KIBBEY TESTIFIES. FLORENCE, Aug. 23.-At 1:30 Mrs. Kibbey was examined by Judge Israel, ing to criminate herself. She proceed

Tuesday she received a telegram from Frank to return home. She answered that she could not leave her sister alone. Her husband reacned Phoenix at nine o'clock Thursday morning. He asked what had occurred at the picnic on June tifth. Her reply, "nothing at all," satisfied him. Kibbey said he had a note she wrote to Porter, but did not send it, whereupon she admitted to him that she bad had sexual intercourse with Porter on four different occasions, when Kibbey was absent from town-May 25; June 4, 9 and 10. Returning across country she gave her husband all he details, and the note was destroyed. Her testimony was very full. The cross examination failed to break it. Further testimony was introduced to on the ground with Mr. Stepanny, who how the unsettled condition of the de-

One witness was on rebuttal to show that on his death bed Porter denied having had criminal intimacy with the defendant's wife and the case was closed. The argument is now going on. LATER-3:45 p. m.—Kibbey has been held for murder, with bail fixed at \$15,-

Tucson's Fire Department. This department of the city's defense

rom the ravages and onslaught of fire s composed of some very active mem bers. Some of them young men, spry and active, called "the kids" by the oldr ones whose muscles are harder and more experienced to the severe strains of prompt emergencies. Yesterday evening when the alarm of fire was given, it was but an incredible short me that the boys had the hose and adder and real flying towards the scene of the fire. But they had a long pull to reach the premises which the fire was destroying and after reaching it they vere naturally fagged by attempting to to that which horses are called upon to lo in all civilized communities. It was uggested but three days ago by one o the foremen of the fire department that the city council could engage some o the conveyances that stood constantly in the public squares of the city at a stipulated price for fire attendance, tha when an alarm was given they could asten to the city fire departmen building and couple on to the hose and adder equipages and pull the whole outfit hastily to the point required. This would save time, probably save the building and put the firemen on the round of need exaction from an ready for action. The way the water supply of the city is makes it necessary to get on the ground at the incipiency of the fire and smother it before it gets too much headway. This cannot be use 25 ye, rs ago.

Bucklen's Arnica Salve The cest saive in the world for cuts ores, tetter, chapped hands chilblain orns, and all skin eruptions, and posilively cures piles, or no pay required. It is guaranteed to give perfect satisfaction or money refused. For sale by Geo. Martin.

Alfalfa Fed.

It is known that there are now bein pastured in this valley in the neighbor-hood of 60,000 head of range stock all of which is or will be in prime condition during the fall. This is going to make considerable of a stock market of Phoenix and Tempe especially as new stock will keep coming in while that in con-dition will be going out. Last season the stock sales in this portion of the valley ran up to over \$450,000 er about half a milion dollars and yet no note was made of anything extraordinary occurring. This season, or from the first of August till next June the business promises to mount up to a million and a half of money at a conservative es-timate. The growth of the "aifalfa" interests of this county are among the most rapid in the Territory and among the most important. "Alfalfa-fed" wil mean something more than a mere "guy one of these days.-Phoenix Herald.

Hon. W. V. Lucas, Ex-State Auditor of Iowa, says: "I have used Chamber-lain's Cough Remedy in my family and have no hesitation in saying it is an excellent remedy. I believe all that is claimed for it. Persons afflicted by a cough or cold will find it a friend. There is no danger from whooping ough when this remedy is freely given. For sale by Fleishman & Co.
